FEATURED BUSINESS OF THE MONTH!!

BULLSEYE PEST DEFENSE

Steve Ainsworth

When did you start your business?

2011

What is unique about your business?

Family owned and operated.

What products or services do you provide?

All types of pest control. Residential Home Treatments, Mosquito and tick treatments, termite control, powder post beetle, just to name a few. Commercial

treatments for restaurants, manufacturing plants, schools etc. Mice control, stinging insects. Loan Inspections. Animal or Bat Exclusions and clean ups.

Give us a little background history on your business?

I was a Regional Manager for MetLife Resources prior to starting Bullseye and learned early in my career that customer service was key to success. Today my team is always focused to bring the best service possible.

Are you running any specials? If so, for how long?

Effective the month of July--Two (2) home exterior treatments for \$185.00.

Do have any customer testimonials or quotes?

"Over many years I have had Bullseye handle my pest control needs for mosquitoes, protecting my house from hornets, and getting the bats out of my attic. This company always exceeded my expectations. Professional and dedicated to excellence I always highly recommend them."
-Dr. Dennis Craft

What is the one thing everyone who hears about your business asks? Now's your chance to answer.

Everyone always has a personal story of some sort of a horrible pest problem, but most the common question is what pest is worst to live with. Bed Bugs is always my answer. A lot of times people don't realize they have a problem until it becomes a bad infestation, and it's not their fault. Most the time, people think that

odd bites after sleeping are from a spider, or blood spots on sheets are attributed to an open sore, but many times it's left from a bed bug after they feed. Bed Bugs can easily be taken care of if a company does it properly with heat and/or chemical.

Do you support a community charity?

As many as I can. As one of the founding member of BIB group we support many charities and even run a home show at the Barry county fair grounds.

Do you support any community events?

Member of the Barry County Chamber and the Businesses in Barry Group (BIB).

Be sure to give Steve Ainsworth a call for all of your pest defense needs!!!
